ACCOUNTANT'S REVIEW REPORT ON THE FINANCIAL STATEMENTS

Natchitoches Parish Fire
Protection District No. 3
P. O. Box 138
Clarence, LA 71414-0138

We have reviewed the accompanying financial statements of the governmental activities and the major fund of the Natchitoches Parish Fire District No. 3, a component unit of the Natchitoches Parish Police Jury, as of and for the year ended December 31, 2007, which collectively comprise the District's basic financial statements as listed in the Table of Contents, in accordance with *Statements on Standards for Accounting and Review Services* issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of management of the District.

A review consists principally of inquiries of District personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles.

The Management's Discussion and Analysis and budgetary comparison information on pages 1 through 4 and 26 respectively, are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. Such information has not been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, but was compiled from information that is the representation of management, without audit or review. Accordingly, we do not express an opinion or any other form of assurance on the supplementary information.

In accordance with the *Louisiana Governmental Audit Guide* and the provisions of state law, we have issued a report dated March 5, 2008, on the results of our agreed-upon procedures on page 27 through 29. Pages 30 through 31 present the Louisiana Attestation Questionnaire.

NOTES TO FINANCIAL STATEMENTS

Natchitoches Parish Fire Protection District No. 3
Notes to Financial Statements
December 31, 2007

1. Introduction:

Fire Protection District No. 3, of Natchitoches Parish, Louisiana was created in June 1982, by ordinance of the Natchitoches Parish Policy Jury. The District is charged with providing fire protection for the citizens of District No. 3 of Natchitoches Parish.

2. Summary of Significant Accounting Policies:

The accounting and reporting policies of Natchitoches Parish Fire Protection District No. 3 conform to generally accepted accounting principles as applicable to governmental units. Such accounting and reporting policies also conform to the requirements of Louisiana Revised Statutes 24:517 and to the guides set forth in the *Louisiana Governmental Audit Guide*.

A. Reporting Entity-

As the governing authority of the Parish, for reporting purposes, the Natchitoches Parish Police Jury is the financial reporting entity for Natchitoches Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the Natchitoches Parish Police Jury for financial reporting purposes. The basic criteria for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body and
 - a. The ability of the police jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Natchitoches Parish Fire Protection District No. 3
Notes to Financial Statements
December 31, 2007

Because the police jury created by ordinance Fire District No. 3, the District was determined to be a component unit of the Natchitoches Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the District and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

B. Basis of Presentation-

Government-Wide Financial Statements (GWFS)

The Statement of Net Assets and Statement of Activities report information about the reporting government as a whole. They include all funds of the reporting entity. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function. Program revenues include (a) fees and charges paid by the recipient for goods or services offered by the program, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

C. Fund Accounting-

The accounts of the District are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The District maintains only one fund. It is categorized as a governmental fund. The emphasis on fund financial statements is on major governmental and enterprise funds; each displayed in a separate column. A fund is considered major if it is the primary operating fund of the entity.

Natchitoches Parish Fire Protection District No. 3
Notes to Financial Statements
December 31, 2007

The major fund of the District is described below:

Governmental Fund-

General Fund

The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

D. Measurement Focus/Basis of Accounting-

Basis of accounting refers to when revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Accrual Basis - Government-Wide Financial Statements (GWFS)

The Statement of Net Assets and the Statement of Activities display information about the District as a whole. Both of these statements have been prepared using the economic measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Modified Accrual Basis - Fund Financial Statements (FFS)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., when they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers all revenues "available" if they are collected within 60 days after year-end. Expenditures are generally recorded under the modified accrual basis of accounting when the related liability is incurred. The exceptions to this general rule are that (1) unmatured principal and interest on long-term debt, if any, are recorded when due and (2) claims and judgments and compensated absences are recorded as expenditures when paid with expendable available financial resources.

Notes to Financial Statements
December 31, 2007

E. Assets, Liabilities, and Equity-

Cash and Interest-Bearing Deposits-

For purposes of the Statement of Net Assets, cash and interest-bearing deposits include all demand accounts and savings accounts of the District.

Capital Assets-

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold level of \$500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of that asset or materially extend the life of that asset are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of useful lives by type of asset is as follows:

Furniture, computers	5 years
Firefighting equipment	10 years
Ladders, hoses, airpacks	7 years
Radios	10 years
Fire trucks	10 years
Other vehicles	5 years
Buildings	40 years

Equity Classifications-

In the government-wide statements, equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt---Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Natchitoches Parish Fire Protection District No. 3
Notes to Financial Statements
December 31, 2007

- b. Restricted net assets---Consists of net assets with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provision or enabling legislation.
- c. Unrestricted net assets---All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

In the fund statements, governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved, with unreserved further split between designated and undesignated.

F. Budget-

Prior to the beginning of each fiscal year, the Natchitoches Parish Fire Protection District No. 3 is required to adopt a budget for the next fiscal year. The budget is open for public inspection. All budgetary appropriations lapse at the end of the fiscal year. The budget is prepared on the modified accrual basis of accounting.

G. Estimates-

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures and expenses during the reporting period. Actual results could differ from those estimates.

3. Cash and Cash Equivalents:

For reporting purposes, cash and cash equivalents include demand deposits, time deposits, and certificates of deposit. At December 31, 2007, the District had cash and cash equivalents (collected bank balances) totaling \$39,679. Cash and cash equivalents are stated at cost, which approximates market. Under Louisiana law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the bank. These pledged securities are held in the name of the pledging bank in a holding or custodial bank in the form of safekeeping receipts held by the District. The deposits at December 31, 2007, were fully secured by FDIC Insurance.

The District does not have any employees, therefore no entry is made to record compensated absences.

6. Ad Valorem Taxes:

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes are levied by the District in June or July and are actually billed to taxpayers in November. Billed taxes become delinquent on January 1 of the following year. Revenues from ad valorem taxes are recognized as revenue when billed. The Natchitoches Parish Sheriff's office bills and collects property taxes using the assessed values determined by the Tax Assessor of Natchitoches Parish. We have performed the procedures included in the *Louisiana Governmental Audit Guide* and enumerated below, which were agreed to by the management of the Natchitoches Parish Fire Protection District No. 3 and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the Natchitoches Parish Fire District No. 3's compliance with certain laws and regulations during the year ended December 31, 2007, included in the Louisiana Attestation Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

PUBLIC BID LAW

1. Select all expenditures made during the year for materials and supplies exceeding \$20,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

No expenditures found to be in violation.

CODE OF ETHICS FOR PUBLIC OFFICIALS AND PUBLIC EMPLOYEES

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

The District has no employees.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedures (3) were also included on the listing obtained from management in agreed-upon procedures (2) as immediate family members.

Not applicable.

BUDGETING

5. Obtain a copy of the legally adopted budget and all amendments.

Management provided a copy of the original budget. There were no amendments to the budget during the year.

6. Trace the budget adoption to the minute book.

We traced the adoption of the original budget to the minutes of the District.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or actual expenditures exceed budgeted amounts by 5% or more.

Both actual revenues and expenditures were within the 5% variance allowed.

ACCOUNTING AND REPORTING

8. Randomly select 6 disbursements made during the period under examination and:

- (a) trace payments to supporting documentation as to proper amount and payee:

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

- (b) determine if payments were properly coded to the correct fund and general ledger account:

Each disbursement appeared to be coded correctly.

- (c) determine whether payments received approval from proper authorities:

Payments were approved by the Board and is reflected in the minutes.

MEETINGS

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

The District is only required to post a notice of each meeting and the accompanying agenda on the door of the District's office building. Management has asserted that such documents were properly posted.

DEBT

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds or any other indebtedness which have not been approved by the State Bond Commission.

We inspected copies of all bank deposits for the period under examination and noted no deposits that appeared to be proceeds of bank loans, bonds, or other indebtedness that had not been approved by the State Bond Commission.

ADVANCES AND BONUSES

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees that may constitute bonuses, advances, or gifts.

No violations found.

Our prior report dated March 17, 2007, contained one comment, the District did not have an approved budget for 2006. This condition is cleared for 2007.

We were not engaged to, and did not perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of the Natchitoches Parish Fire Protection District No. 3 and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
